WHEN YOU WANT to put your business before the public, there is no medium better than the advertising columns of The Bulletin.

The Bulletin

Norwich, Wednesday, Aug. 2, 1916.

VARIOUS MATTERS

More sultry weather is predicted for today.

Light vehicle lamps at 7.35 this evening.

Physicians are treating a number of summer colds and sore throats.

Some unusually handsome beds and borders of phlox are noticeable now in local gardens.

Returning cottagers and vacationists Tuesday added to the volume of train and trolley traffic.

August furnished a gilt-edge sample of clear, sunny weather Tuesday, and more such days will be appreciated.

A few fortunate garden owners are getting the first of their crops of new potatoes, carrots and early sweet corn and beans.

The supplying pastor at the Central Baptist church for Aug. 5 and Aug. 12 will be Rev. H. J. Vosburgh, D. D. of Camden, N. J.

The National Association of Cotton Manufacturers is to hold its fall meeting Sept. 14-16, at the Griswold, Eastern Point.

The quarterly meeting of the Connecticut Probate Assembly, is to be held today (Wednesday) at Middletown, New Haven.

The state barbers' commission met Monday at the capitol. Only routine business was conducted and no candidates were examined.

A correspondent mentions that Rev. and Mrs. Percy Barnes, of Somerville, Mass., formerly of Yantic, are spending the summer at Westport.

Massachusetts nautical training ship Ranger, which left New London for Gardner's Bay for practice Monday morning, will return Friday.

Tuesday Governor Marcus H. Holcomb left for a vacation of two weeks in Maine. The governor and party will be at Grant's camp, Kennebago lake.

The only necessary expenses for the coming teachers' summer normal school at Storrs college will be board and traveling. Tuition and supplies are free.

In a number of places errand boys are delivering their pitchforks until late in the fall, owing to restrictions because of fear of infantile paralysis.

Visitors to the Otis library are admiring some delicate lavender wild balm, picked near her home at Norwich, by Miss Dawson, of the library staff.

Mrs. John Levy of Waterbury was thrown from a wagon in which she was riding with her husband and was slightly cut on the head and was badly shaken up.

At a sale of pictures in London on Monday, an etching of General Washington, done by T. Chesman, after the celebrated portrait by John Trumbull, the Lebanon artist, brought \$250.

At Camp Washington, Fort Terry, the cadets are being tested to the limit. They were taken on a six-mile march Monday morning down the island. Monday afternoon they went for another hike.

Delegates from this section will attend the general conference at Northfield from Aug. 4 to 26, at which Christian workers from all parts of the country gather to study under prominent leaders in religious thought.

H. A. Ashcroft and R. M. Chapman of Groton went to Northampton, Mass., Saturday in Mr. Ashcroft's car and returned with Dr. Harry Healey who recently underwent an operation of his leg. Dr. Healey stood the trip well.

Miss Stella Serwatka and Stephen Lawski were the first to be married in the new church of Our Lady of Perpetual Help on 13 o'clock Monday morning, by Rev. Leon Wierzbewski, the pastor.

Groton barbers have not yet joined the strike and it is expected that the differences which have called out New London barbers will be settled before the strike spreads to Groton. There are only three or four shops in the latter place.

An appeal has been made to the management of the Norwich and Western Traction company to have the cars on the Watch Hill line stop at the lower gate at River Bend cemetery, Westbury. This stop was abolished some time ago.

In one of the show windows of the J. & G. H. Bliss store are four beautiful silver trophy cups all won in one day by W. A. Peck, of 83 Spruce street, Norwich, who is also the holder of the high jump record—5 feet, 11 inches, at Colgate University.

Rev. Herbert B. Hutchins, a former pastor of the Old Mystic Baptist church, will be the presiding officer for the closing day of the fifth annual conference of the New England Baptist conference, which meets at Ocean Park, Me., Aug. 23-25.

The Poquonoc Bridge Baptist church has appointed a subscription committee to raise \$2,500 for the erection of a parsonage. Mrs. Marcus L. Trull, Mrs. Winifred Stoddard, Miss Frances Chapman and Miss Mary Morgan comprise the committee.

The continuance of the war in Europe is giving colors derived from logwood a chance to widen their field of usefulness in mills in this state. The shortage of coal tar colors is giving the dyes a chance to learn the possibilities of logwood dyes.

The Norwich State Hospital trustees have voted to build a house, so to speak, for the men at the State Inebriate Farm. Each Sunday afternoon now services are held at the farm by the chaplain, Rev. L. C. Sherburne, rector of St. James' church, Poquetanuck.

The United States civil service commission announced on Aug. 23 and 24 an open examination for laboratory assistant, for men only, to fill existing vacancies and vacancies as they may occur in the Bureau of Standards, Department of Commerce, at entrance salaries ranging from \$900 to \$1,200 a year.

Alderman Harry Bond, Millionaire Cop., as he has been called in a Boston paper, who married Mrs. George T. Howard of Norwich, will become "Millionaire Saloon" Aug. 15, when he will report on board the battleship New Jersey as one of the several thousand civilians to take part in the navy civilian cruise, until September 12.

George Amburn III at Niagara. Relatives have received word here Tuesday of the serious illness of George Amburn, who with his brother William are visiting at Niagara Falls. They are making the trip by motor.

Miss Annie M. Witte, of the Norwich State Hospital, has returned, after three weeks' vacation spent in Boston, Middletown and Newark, N. J.

NORWICH AND DANIELSON

Sub Recruiting Stations
Maj. Payne Will Do Greater Part of His Work at New London.

Arrangements for recruiting in Norwich by Major Morris B. Payne have not been definitely made, but it is expected that the station army Tuesday night, but a recruiting station has been established at the New London armory, where Maj. Payne has been assigned to receive applicants and direct the examinations necessary for them to enter the service of Uncle Sam on the Mexican border.

The establishment of that recruiting station is part of an enlistment campaign which has been launched in this section of the state.

The purpose of the campaign is to recruit the two Connecticut regiments and the field artillery to full war strength. All three military organizations departed from the Camp Holcomb at Niantic with a minimum strength of 1,000 recruits are necessary to bring the three organizations on a war footing.

The minimum strength of an infantry company is 65 men and its maximum strength is 142 men. The minimum strength of a battery of field artillery is 171 men and its maximum strength is 240 men.

All other organizations of the Connecticut National Guard left the Niantic camp with a maximum strength. No recruiting will take place for any organizations other than the infantry and field artillery.

Recruits for the infantry will be given a physical examination and enlisted at the recruiting station if their physical test is shown to be satisfactory. Immediately after the examination they will be assigned to Fort H. G. Wright for preliminary training. A short stay at the local fort will be followed by their training posts for Nogales, Arizona, to become a part of the Connecticut National Guard forces.

Recruits for the field artillery will be given a physical examination and enlisted at the recruiting station if their physical test is shown to be satisfactory. Immediately after the examination they will be assigned to Fort H. G. Wright for preliminary training. A short stay at the local fort will be followed by their training posts for Nogales, Arizona, to become a part of the Connecticut National Guard forces.

SMUGGLED CHILD INTO NORWICH

People From New York Reported to Health Officer and Forced to Leave—Colchester Child Brought in to Hospital With Infantile Paralysis Symptoms, But Death Found Due to Tuberculosis—Parents Tried to Get Back to New York on Train.

Tuesday brought two new developments in the infantile situation as it now exists in the city. The first was the arrival of a child from New York, brought in to the city at 3 o'clock in the morning, suffering with infantile paralysis and the discovery that a child from New York had been smuggled into the city in an automobile which left New York city at midnight and got into Norwich at 3 o'clock in the morning.

In the morning, an autopsy performed by Dr. C. C. Gildersleeve upon the infant from Colchester revealed a condition of general tuberculosis, which was accordingly given as the primary cause of the child's death, with exhaustion as a secondary cause.

Notified of New Arrival.
Health officer Dr. Edward J. Brophy's request that he be notified of any strange children or new arrivals in any part of the city led to the information that the New York child had been smuggled into the city.

Dr. Brophy proceeded to make an investigation of the child and he found, as had been reported to him, a three-year-old child, which had been brought from New York city in a motor car. The child was found in a motor car, which had been driven into the city, and the child was found in a motor car, which had been driven into the city.

Dr. Brophy's investigation of the child and he found, as had been reported to him, a three-year-old child, which had been brought from New York city in a motor car. The child was found in a motor car, which had been driven into the city, and the child was found in a motor car, which had been driven into the city.

There were no pathological signs whatever of infantile paralysis. The parents buried the child here in the F. O. B. A. cemetery and then went back to their home in Brooklyn.

Health Officers Were Overlooked.
The autopsy was performed without any notification whatever being given to the city health officer, and Dr. Brophy was justly indignant on Tuesday evening when informed of the course of events and the breach of etiquette, if nothing more.

Dr. Thompson, as well, knew nothing of the disposition of the case. Some of the medical men were more or less puzzled Tuesday night in reconciling the symptoms noted during the course of the disease with the autopsy findings.

Officer Donovan Needs Help.
Officer John Donovan who is inspecting the traffic that comes up the New London road by trolley and automobile appealed to Town Health Officer Thompson for help on Tuesday. While the officer is examining the credentials of tourists, a line of cars is likely to string out in a long waiting row and just about at that time a trolley car laden with children is liable to come along. The delay is not agreeable to any of the parties concerned.

Dr. Thompson told the matter before the selectmen, but an assistant constable had not been appointed Tuesday night.

Suspected Case Not Reported.
A suspected case of infantile paralysis that a prominent physician of the city is said to be attending had not been reported to Dr. Brophy Tuesday night. It is said this child has
